# Company Introduction

## Company Introduction:

Welcome to POSH Apparel Manufacturing LLC, based in Ajman, United Arab Emirates. Where requirement meets efficiency! We pride ourselves on being a leading apparel manufacturing company dedicated to deliver high quality garments with precision, commitment and style. The company has evolved as an un-rivaled specialist in designer uniforms.

We provide a complete assistance which starts from selection of fabric to procurement and from designing to stitching, every minutest detail is looked into, to ensure utmost customer satisfaction. Our specialties include designing and manufacturing of high-quality garments for the Corporate, Hospitality, Industrial, Civil and Military Sectors, Sports, Schools, Food & Beverages and Medical.

We constantly strive to surmount the industry challenges by modernizing our equipment and continually keep on enhancing our personnel skills to match the requirement of the modern day. Under the aegis of an able and expert management, the company has stretched its sound footprint across many emerging markets.

## Mission:

At POSH Apparel Manufacturing LLC, our mission is simple: to create exceptional apparel that enhances the attire of all the industries and individuals. Through innovative design sustainable practices and a commitment to excellence. We strive to exceed the expectations of our customers while making a positive impact on the apparel industry.

## Vision:

We envision a world where clothing not only reflects personal style and industry's attire but also reflects a conscious choice towards sustainability and ethical production. Our vision drives us to continuously improve our processes, from design to delivery, ensuring that every garment we produce embodies quality, creativity and responsibility.

# Our Services

## Designing

# Production Flow

The production is most important and strategic part of any manufacturing oriented facility. We are an ISO-9001 certified facility so we have a pre defined work process or mechanism. It enhances our productivity and efficiency.

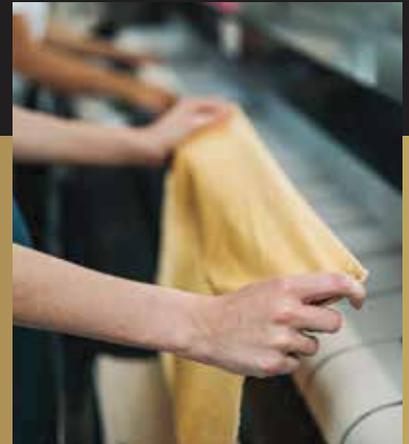

## Cutting

Cutting departments cut the fabric as per required quantity and specification. They use the cutting patterns that issues by GGT department to avoid any mistake in sizes or measurements.

## Stitching

We follow the chain system in stitching. There are supervisors who gives a briefing before to start any order. They explain the customer design and specification to the operators. The quality controllers do the inline to make sure that the production is as per customer's requirement.

## Finishing

The finishing department cuts the unnecessary threads of the garments and look after the overall garment quality. In case of any discrepancy, finishing team will send back to the stitching department again.

## Pressing & Packing

We have steam press system to enhance the look of the garment. Then they forward it to packing department to tag or pack the garment individually according to the customer's requirement and put them into the cartons.

## Quality Assurance Garments

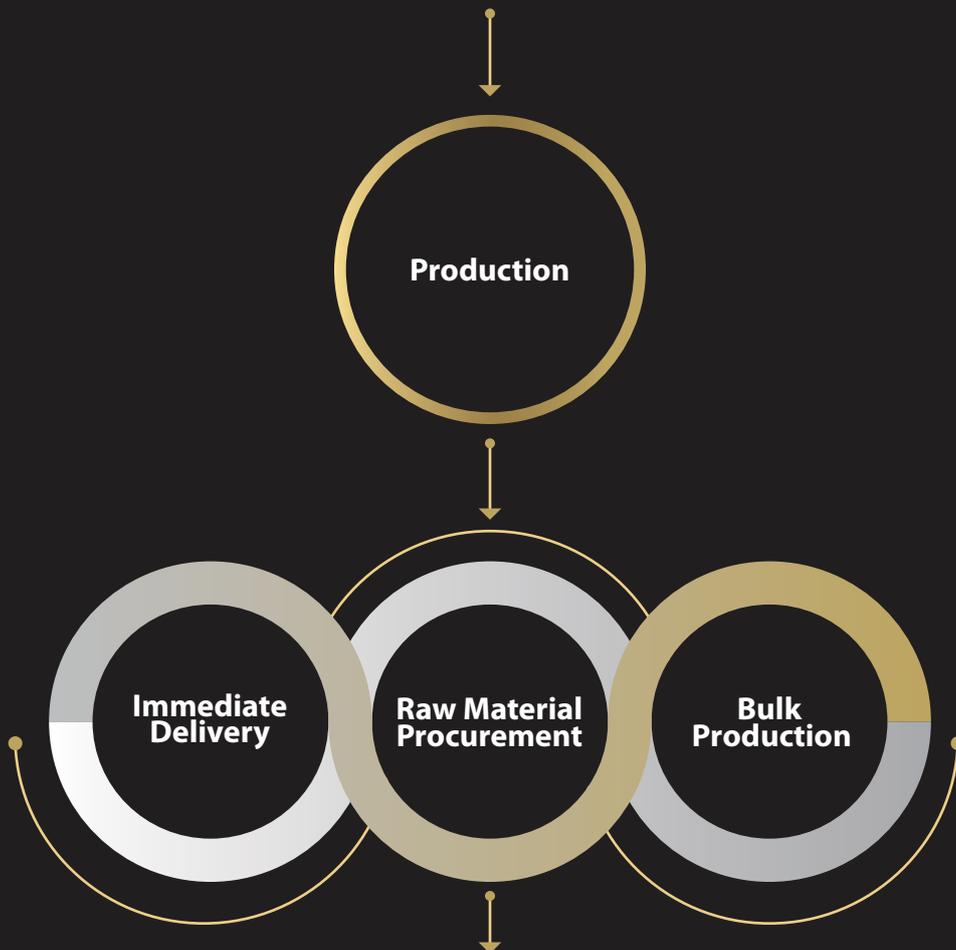

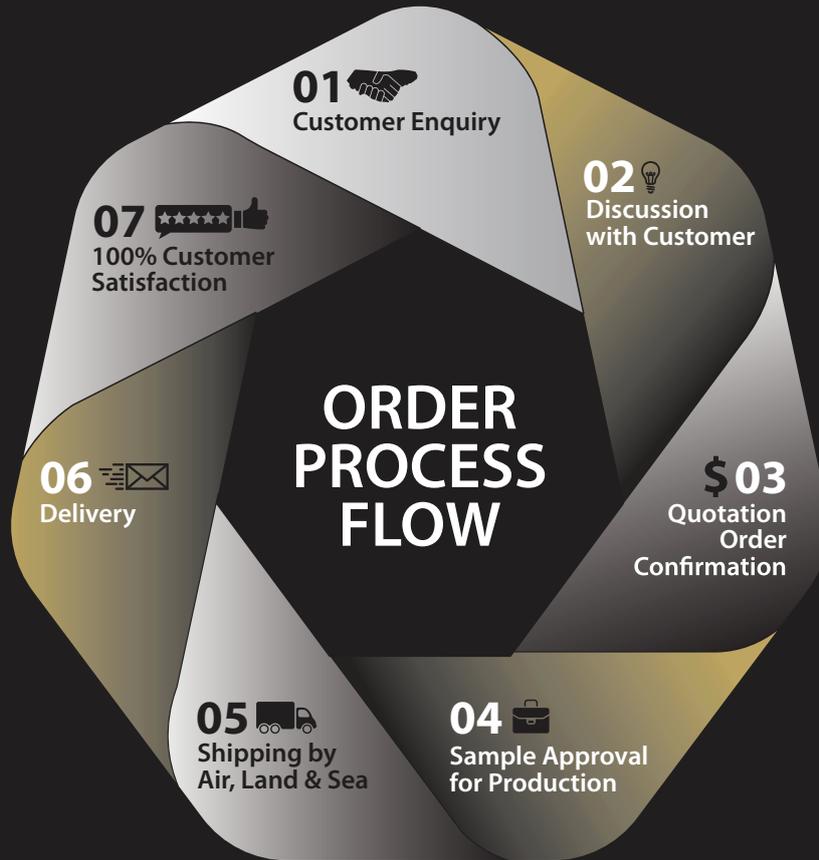

After the 100% packing of an order. Our Quality auditor inspects the garments in light of customer's requirement to make sure that everything as per customer's requirement and specification

## Delivery

After all the process and passing by the QA the shipment is ready to delivery. Each carton will have the shipping marks stated with all the information to create an ease for the customer.
